

# Wake Forest University School of Medicine Fellowship Program

- Established in 2002 - one fellow per year
  - We participate in the NRMP Match
- Based in an academic institution
- 7 Forensic Pathologists
  - 2 Neuropathologists
  - 1 Pediatric Pathologist
- Rotating medical students and pathology residents
- Forensic photographer
- In-house histology
- New autopsy facility opening in 2025
  - Idyllic, rural location
- We serve over 30 counties in western North Carolina
  - ~1400 autopsies/year
  - Great case diversity due to coverage of both rural and urban areas
- External toxicology and anthropology rotations
- Funding to attend and present research at annual NAME or AAFS meeting
- Opportunity to present at the Annual Western North Carolina Death Investigation Seminar
- Located in Winston-Salem, NC (mild winters!)
  - Low cost of living
  - Close to the mountains (~2-hour drive to Asheville)
