

Forensic Pathologist Opportunity

Southern Tier of New York State

United Health Services Hospitals, located in Binghamton, NY seeks an AP/CP or AP board-certified pathologist with fellowship training in forensic pathology.

- ❑ UHS Pathology and Laboratory Medicine department handles approximately 21,000 surgical pathology cases, 20,000 GYN cytopathology cases, 3000 non-gynecologic cytopathology cases, 300 bone marrows, 900 flow cytometry cases, and 5.5 million tests, and 250 forensic autopsies per year.
- ❑ This position will perform coroner's autopsies, will be paid for them by the Broome county attorney's office and will have privileges at the UHS Hospitals.
- ❑ UHS Pathology and Laboratory Medicine department currently has 2 board-certified (BC) cytopathologists, 3 BC hematopathologists, 1 BC neuropathologist, 1 BC transfusion medicine specialist, 1 breast/gyn pathology fellowship-trained pathologist, 1 genitourinary pathology fellowship-trained pathologist, 1 gastrointestinal and liver pathology fellowship-trained pathologist, 1 BC dermatopathologist, 1 BC non-forensic autopsy pathologist, and 3 pathologist assistants. Hematopathology, genitourinary pathology, gastrointestinal pathology, neuropathology, thyroid FNAs, most of the skin pathology, breast and gyn pathology cases are handled by the specialists.
- ❑ The department has a comprehensive QA program in AP and CP.
- ❑ The department has state-of-the art immunohistochemistry laboratory, flow cytometry laboratory, automated histology laboratory, and automation in all clinical pathology disciplines.
- ❑ This area is a home of very well-known Binghamton University and state-of-the art healthcare system, and offers a wide array of cultural and recreation activities.
