

Founded in 1955, Physicians Laboratory is a leading independent clinical and anatomic reference laboratory servicing over 40 counties in Nebraska and Western Iowa. Due to our increasing volumes and continued growth, we are seeking a full time Forensic Pathologist (board certified or board eligible) to join our team. All autopsies are performed in our newly constructed morgue located in Omaha, NE. Excellent communication skills are required due to the frequent interaction with law enforcement and required court testimony. Salary is commensurate with experience and a benefits package will be provided that includes paid vacation days, sick days and continued education expenses along with a 401(k) plan and medical/dental insurance.

Duties Include:

- Perform approximately 250 autopsies per year.
- Collection of materials including body fluids, cultures and tissue for diagnosis pertaining to cause of death.
- Provide deposition and/or trial testimony.
- Participate in consultation with Coroner, Law Enforcement and County Attorney staff and other specialists and officials as required by the County.
- Ensure the proper evidentiary and chain of custody rules when handling, labeling, storing and transporting specimens.
- Develop procedures and protocols for the morgue.
- Provide reports and data in a comprehensive format.
- Report to scenes of investigation when requested.

Interested applicants should send their resume to kmoreland@physlab.com
