THE NAME FOUNDATION (BOOTHS 405/411/413)

The NAME Foundation, a not-for-profit 501c3 corporation, has been created to foster the intellectual development and leadership of young forensic pathologists, advance the forensic sciences through financial support of research and to fund humanitarian projects which will bring our expertise as medical examiners and public health physicians to underserved communities. The NAME Foundation accepts donations from individual and corporate donors and to receive funds from grants in order to promote excellence in forensic science. The Foundation will focus on sustaining recruitment into the field, promoting education and leadership, and funding research in forensic pathology and death investigation. The Foundation will also support efforts designed to preserve the history and follow the progress of the forensic sciences and NAME.
